COHASSET HIGH SCHOOL

In 1952 the class of 1957 was the first to enter the new Cohasset High School as seventh graders. Now, after having completed the six grades there, we are the first to graduate from it.

THE CLASS

We have nothing to give the school in return for what we got from it except our thanks, and we do that now by dedicating our yearbook to Cohasset High School and to all who made it our school.

SENIOR CLASS ADVISORS

. . . always ready with a helping hand. We will always remember her for her patience and guidance.

MISS NELSON

. . . the bright spot in our life. Long will we remember his cheery smile and willingness to help.

MR. GREENE

CLASS HISTORY

We started in our freshman year with big important looks,

And what we lacked in wisdom we made up for with our books.

We saw the unfamiliar names like Mr. Dee Antwano,

Miss MacElshinney, or Miss Red, or like Miss Sullivano.

And when a teacher called the roll and asked for "Jack Dwinnells,"

She looked at "Glen MacNeill" who laughed and got as mad as—. Well,

Soon they got to know our names, and soon their names we knew.

It all was great, except—they got to know our parents, too.

Then came a day in June when we ran out of Cohasset's doors,

And when September came again, it found us Soph-o-mores.

The teachers weren't too smart that year; then ignorance we'd condemn.

But now we're real surprised to see how much they've learned since then.

We had our first *colossal* dance and first colossal flop—

CLASS HISTORY

We didn't even have enough cold cash to pay for pop.

In class we wasted so much time and fooled around there so

That why they didn't flunk us is one thing we'll never know.

Our Junior year we started in on higher math and chem.

(You'd never guess that they were "high" by the marks we got in them.)

That year we had our Junior Prom; it was a great success

Both socially and financially (they all say that, I guess).

Now comes another day in June when as Seniors we'll leave once more,

But no September'll see us back, like in the years before.

This time we're not so careless (as we seem by what we've shown),

For September 1957 will find us on our own.

But we might be a little wiser now than in the years gone by,

Cause now we know how much we owe to our Cohasset High.

SENIOR PROPHECY

This is Station WHAT, the United Forecasting Co., with the news brought to you by your reporter, Robert Massa. Today is June 9, 1979.

Washington—President Dwinnells is still in conference with mysterious inventor, Albert Knoy, discussing the feasibility of using the latter's invention of a radio-less wire for secret communication purposes. The President contends that with the invention the communication will be too secret. Wilfredine Chiasson, the first real "Secretary" of State who can type and take shorthand, is recording the discussion with the Norton method of Dot Shorthand.

Princeton, New Jersey—Scientist Sheldon Pratt, aspiring to follow in Einstein's footsteps, is still at Princeton looking for them. He has recently published his own theory on relativity—says Pratt, "They should stay home! All relatives belong there."

Flash! Cohasset—Jacome's Barber Shop and Beauty Salon burns leaving Cris Bailey, famed child psychologist, Lill Kealey, woman construction engineer, and Virginia Dow, author of *Yellow Moon Over Sahara Sands,* trapped under the hair-cutting machines. Fire Chief Jack MacNeill breaks down the door (the door knob could have expedited his entrance, but a fireman never uses it) fights his way through the conflagration, and after two hours of fierce battling, rescues the women from under the hair-cutting machines. It is Mr. Jacome's professional opinion that these women will never again be troubled by straight hair.

Los Angeles—Elliott Pratt, owner of the fabulous Spanish restaurant *El Dot,* was sued by Tony Sestito, who found a fried mouse mixed among his potatoes. Defense lawyer Jerry Costello stopped the court's proceedings by his assertion that there can be no case without evidence, and the prosecutor destroyed it when he ate the mouse. Judge Wally Arcand, after speaking on the qualities of justice, asked the jury—

Homer Knoy, renowned chemist, Eileen and Mary Sudley, sister tennis team, and Don Clark, comedian—to deliver a just and impartial verdict. Having consulted together the jurors decided that it was impossible to pronounce a verdict that is not partial to somebody. In view of this, Judge Arcand is reforming the American System of Jurisprudence.

Cheyenne—Bronk buster Dick Hines has recently risen greatly in the eyes of the public. It seems that at the rodeo the "bronk" he thought he was busting turned out to be a bull and threw him. Luckily Joe E. Brown, sorry, I mean James W. Shyne, the little clown, saved the bull in the knick of time.

Dublin—Tom Duggan continues to lead his revolt against the English. His spare time is occupied with the completion of his *History of Irish Speaking Peoples*.

Washington—Japanese ambassador to America, Akio Mikuni, having won the medal awarded to the greatest diplomat of the year, has ordered from Tokyo a boat load of fans and cameras which he will give to America to express his gratitude.

Dusseldorf—American ambassador to Germany, Jean Silvia, has just learned another German word. It won't be long now before she and the Germans will begin to understand each other. She has issued a formal report on her linguistic progress: "Der ist noting hardt in learnen der Cherman langwitsch. Ich habt eine Cherman through picture book."

Hollywood—Martha Winters, writer of gossip column, *Wait'll You Hear This!,* is sued for libel by producer Paul Geary. The exact story is not yet clear, but the three stars of Geary's picture Carol Hurley, Al Boyd, and Reggie Silvia strongly think it *has* before they were asked to speculate, though not without some provocation, and definitely can with no indelicacy provided that it fails to do so within the next week or two; that is to say, they will if it does not, but under other circumstances, not . . .

We regret to say that our nitwit faculties have failed. Please stand by patiently.

SHOPPING FOR A JOB?

CHECK WHAT YOU WANT:

- [ ] *Good starting salary with regular raises*
- [ ] *Pleasant work with other girls and young men*
- [ ] *Prestige of a responsible job with a well-known and respected company*

If your list shows three checks, then you should check into what the Telephone Company has to offer you. Smart girls are doing it now, before they graduate from high school. Come in and see our employment interviewer soon. You'll enjoy talking with her.

Act now, and you can say with pride, "I'm all set! I'm going to work with the Telephone Company!"

See the Guidance Counselor at your school, and talk first with her about when and where to apply.
